NOTES TO CUSTOMER

Your project details were as follows:
File Organizer – Automatic File Sorting Utility
A lightweight desktop app that auto-sorts files in a chosen directory into subfolders based on file types or name patterns. Users can define rules via a config file or GUI. Supports real-time or scheduled sorting, robust error handling, and detailed logging. Compatible with Windows, macOS, and Linux.
Design requirements:
Colour Red and yellow
Text Colour Black
Font Arial

All Project details were fulfilled admirably.
Invoice paid via Bank Transfer.
